VOL. 10, NO. 254 MONESSEN, PA., MONDAY, APRIL 1, 1912 SIX CENTS THE WEEK

LARGE CLASS IS GIVEN THE THIRD DEGREE

The Knights of Columbus of Latrobe yesterday conferred the third degree of the order on 106 candidates from Latrobe, Uniontown, Jeannette, New Kensington, Scottdale, Greensburg, Pittsburgh and Monessen. There were 22 candidates from this place. The services began at 11 o'clock yesterday morning with a mass at the Holy Family Catholic church, the Father Daniel Lawless, pastor of the church, the celebrant. At 12 o'clock the candidates assembled at the Lyceum of the church where they were tendered a banquet.

In the afternoon the degree was conferred at the Doherty auditorium which had been decorated for the occasion. The service was in charge of State Deputy Supreme Knight McEnery of Philadelphia, and his staff of six officers. There were other prominent officers present and in the evening the officials were banqueted at the Loyal hotel.

Among those on whom the degree was conferred from this place were: the Messrs. Hughes, Dan Ryan, Dugan, Fagan, Kelley, Murphy, Burns, Graham, McVicker, Stevenson, Narey, Blumling, Giba, McCaffery and Shannon.

Harry E. Blank a Candidate

Harry E. Blank of Greensburg was a political visitor in town today. Mr. Blank aspires for a seat in the Degislature. He is a clear cut young attorney and his general make up is that of a typical gentleman and one who would seek to do the right thing at all times. From the many kind things we hear of him we are inclined to think that those who support Mr. Blank will be casting their lot with one in every way qualified to fill the office he seeks.

A small landslide occurred shortly after 12 o'clock on the side of Sixth street hill. Several large boulders and a large quantity of earth became loosened from the side of the hill and covered the sidewalk for quite a distance.

Hauling Prices to Be Advanced

The Master Teamsters Association state that all prices for all kinds of hauling will be advanced on and after April 1, 1912.

TAFT BUTTONS ARE FREE AND PLENTIFUL

A supply of Taft buttons has been received at the office of the Daily Independent and any of our readers who favor the nomination of President Taft and want to obtain one of these buttons to wear may call and get one. This offer is open as long as the supply lasts.

At the same time any one who calls will be given a chance to enroll his name as a vice-president of the Taft Club of Pittsburgh, an organization of men of all occupations in Western Pennsylvania working for the nomination of Taft and the endorsement of the policies of the Republican Party. When you call for the Taft button ask for a card entitling you to enroll your name in the Taft Club. There is no expense connected with it. Several thousand men all over the western end of the state have already joined this big organization, of which B. F. Jones, Jr., is the president, and which numbers among its vice-presidents most of the leading men of Pittsburgh and Western Pennsylvania.

MONESSEN APPLICANTS ALL GRANTED LICENSE, BUT MUST CLOSE ON HOLIDAYS

In handing down the license Saturday morning the court made a ruling that all saloons must be closed on certain holidays. For some time there has been a pretty general sentiment that such a ruling should be made and many of the counties had already prohibited the sale of intoxicants on certain days and now it comes to this county. The ruling follows:

"And now, March 30, 1912, the following rule is adopted: All licensed retail dealers are requested to close their bars on the following holidays—Decoration Day, Fourth of July, Thanksgiving and Christmas, and they are further requested to close their bars on every other day at 9:30 p. m.

Our First State Highway

The first state highway to be built in this section will be the road leading from Charleroi to Speers and connecting with the bridge approach at that place. This matter was made public by Gov. Tener while on a trip home last week. However it will be some time before work is started as some changes have to be made in locations which will involve legal matters with the railroad company the street car company as well as private property owners and the summer will be almost spent before work can be started.

"Bum" Met an Awful Death

Yesterday afternoon about 5 o'clock B. E. Brown the local jeweler was driving along Donner avenue in his new Ford car and a big black dog ran in front of the vehicle and the driver not having sufficient time to stop the car the canines life was partially snarped out. He howled and yelped making a terrible commotion and an officer happened along and dispatched the unfortunate victim. No perons seemed to know whose property it was but it is supposed the owner is looking for Ben today to thank him for saving the price of a license tag, for April 1st is dog day at the Clerk's office.

DOGS BETTER DON YOUR CLEAN COLLAR

Avaunt! you members of the canine family who bear no license! The edict has gone forth and straightway if you are not duly labeled the dog catcher will be camping on your trail and you will be committed to the pound, there to end your earthly troubles by a short shift to the canine celestial abode, unless, in the meantime some human friend comes to your assistance with the necessary lucre to place you in the class of the registered dog.

All dog licenses are due April 1st. Due notice is given that the dog catcher will open his spring season April 1st, one month earlier than previously announced, in order to avoid the rush Woe unto the dog who is caught on the streets of Monessen after that date without the necessary tag. He, also the other gender of the species, will be promptly caught and it's owner required to pay the fee or summary execution will follow. Get your dog a license.

PAPERERS AND PAINTERS ARE ON A STRIKE

This morning the local paper hangers and painters went out on a strike. They presented a scale to their employers but the scale was not signed and this morning every man that had a card threw down his job and declared himself in favor of a rest. The dispute is over an advance in wages asked by the men. The wages in force up until April first was $3.00 a day but the men want an advance of fifty cents. The contractors refuse to make peace with the men as they claim the scale is so unreasonable in their estimation as to make it prohibitive. Two of the leading employers were interviewed this morning and they say they will not recognize the demands.

SUNDAY WAS A MOST IDEAL SPRING DAY

Yesterday was the first real spring day. People were out to bathe in the warm sunshine. Everybody looked pleasant and they had a right to be pleased as there was every indication that winter had passed out and that real spring was here. The streets of Monessen in the afternoon, resembled those of a live metropolitan city and the street cars and trains were all crowded with people going and coming. No doubt some had no place to go but just wanted to be out in the temperate breeze while others took advantage of a pleasant time to call on friends. It was a busy day too for automobile and other vehicles. The nearby roads are yet in very bad condition and it was not safe to venture farther than Charleroi but the streets between Monessen and that town were traveled much by joy riders. The bicycle man was also on deck and this form of pleasure came in for its share during the day. Everybody seemed ready and willing to welcome spring.

The Lovelorn Idiot

Disaster, crime or overthrow of the reason are the chief causes of suicide, but not infrequently some lovelorn youth will turn on the gas or apply the pistol to his brain because forsooth, he has been forsaken by the girl he hoped to make his wife. Over the grave of such there is only one apt epitaph, "He dieth as the fool dieth."

The young man who takes his life because of disappointment in love would just as likely kill himself because of some wedded trouble even had he been permitted to get the girl of his choice, so the girl who jilts such a hairbrained suitor has made a lucky escape. To end one's life in a fancied revenge upon the girl or the successful seeker after the young woman's hand is a melancholy reprisal. About the only reflection it could possibly awaken in the mind of the girl would be thankfulness that she had turned down a silly fool.

Last week a man stepped up to us and said he would pay us every cent he owed us if he lived till Saturday night. We presume the man died. Another man said he would pay us in a day or two as sure as we were born. Query: Did the man lie or were we never born? Another said he would settle as sure as shooting. We presume that shooting is very uncertain. Another man said he hoped to go to the devil if he did not pay us within three days. Haven't seen him since: suppose that he has gone, but trust he did not hope in vain. Quite a number said they would see us to-morrow. They must have been stricken blind or to-morrow has not come. One man told us six months ago that he would pay as soon as he got some money. The man would not lie, of course he has not had a cent since.

There has been a vast deal of nonsense about the race suicide question. There may not be so many children these days as in the days of our grandfathers, but we make up in quality what we lack in quantity. Our girls are better looking and know more. At least they think so.

By all means keep your skin in perfect trim by the use of Pura Greaseless Cream—25 cents at Kirks.

NOT A SECRET

Kathryn Dunne's Story

It is said that in Europe when a woman finds a remedy that does her great good, she keeps it a secret for she does not want any other woman to be able to rival her charms.

American women are different. When they find a good remedy, they want other women to get the benefit too, so they tell their friends.

Miss Kathryn Dunne of N. Y. City is one of these. She says, "When I was in a weakened condition last spring I took Vinol with the greatest benefit and I recommend it highly. Five of my friends are now taking Vinol on account of the benefit I received."

When you are rundown and weak, you need better blood and more strength, and Vinol will give them to you. It is a delicious cod liver and iron preparation without oil and restores untold thousands of pale, nervous, broken-down people to health each year. We give you back your money if Vinol does not help you. Hirsch Drug Co., Monessen, Pa.

TAFT'S RECORD AGAINST TRUSTS

Sherman Law Enforced Without Fear or Favor.

EXCELS HIS PREDECESSORS.

Both in Civil and Criminal Prosecution Taft Administration Breaks All Records—Legal Accomplishments of Five Presidents Compared.

TAFT'S ANTI-TRUST RECORD.

Under the last five administrations prosecutions under the Sherman anti-trust law have been brought as follows:

	Civil suits.	Criminal suits.	Total.
Under Harrison (three years)....	4	3	7
Under Cleveland (four years)	5	2	7
Under McKinley (four and one-years)	Three bills in equity.		
Under Roosevelt (seven and one-half years)	18	25	44*
Under Taft (two years and eleven months)..	22	40	62

*One property seizure.

The ratio of prosecutions, allowing for length of time in office, of the Taft administration as compared with the records of its four immediate predecessors is approximately as follows:

Taft over Harrison.....	9 to 1
Taft over Cleveland.....	12 to 1
Taft over McKinley.....	30 to 1
Taft over Roosevelt	4 to 1

President Taft's administration has broken all records for prosecutions brought and won under the Sherman anti trust law Without fear or favor it has brought to the bar of justice corporations and persons engaging in illegal combinations in restraint of trade, the ultimate purpose of each combination being to create a monopoly and to raise the prices on its products In two years and eleven months of his administration President Taft has caused to be brought four more civil suits and fifteen more criminal prosecutions than Mr Roosevelt brought in the seven and one half years of his administration

Until Mr Taft became the president the administration of Mr Roosevelt held the record in both particulars Thus has President Taft who was Mr Roosevelt's right arm during his last administration kept his pledge to the American people to uphold and maintain the policies of his predecessor in punishing the criminals and undesirable element in the big business of the country.

In the Republican national platform of 1908 reference was made to the prosecution of evil trusts and monopolies as one of the great accomplishments of the Roosevelt administration and the platform declared that the Sherman anti-trust law had been a wholesome instrument for good in the hands of a wise and fearless executive In his speech of acceptance Mr Taft pledged himself to the enforcement of this law and has kept his promise

Problems Confronting Taft.

Stripped of controversy as to the exact meaning of certain language of the Sherman anti trust act, the questions that had to be determined by those in administrative authority and those who judicially determine their acts were, first, how effective the law was to reach the great aggregations of formerly competitive producers and dealers, individual and corporate, who, through intercorporate stockholding mergers, consolidations and otherwise, had acquired so great a control over a particular line of industry as to enable them to dominate it and to exclude or admit competition as they might choose upon their own terms.

Secondly, to determine whether that construction of the law was correct which had been given to it by some of the judges of the circuit court in New York in the tobacco case and in the opinions of some of the justices of the supreme court in other cases to the effect that any combination which in any respect operated to restrain to any degree a pre existing competition in interstate commerce was necessarily condemned by law.

In the three years of the Taft administration all of the sixteen cases left pending by the previous administration have been disposed of except two, which have been argued and submitted to the supreme court of the United States and are now awaiting decision. Of the remaining cases the Standard Oil case was argued early during the present administration and, after an appeal, decided entirely in favor of the government. The same was also true of the tobacco cases, with the ultimate result of the disintegration of that big trust into fourteen separate and distinct corporations This, it is believed, will effectively prevent a continuance of the monopolistic conditions complained of.

Taft Anti-trust Record.

During the Taft administration up to February, 1912, twenty-two civil suits have been brought and forty criminal indictments found under the Sherman law, making in all sixty-two proceedings. As a result there were fifteen indictments, and eleven of these involved eighty or more defendants Eight out of twelve defendants were convicted on one indictment after trial by jury and their conviction confirmed by the court of appeals, and thirteen criminal prosecutions are pending

A brief review of the cases brought under the anti-trust law during the administration demonstrates clearly its value to the American people in their protection of that equality of opportunity which is declared by the platform of the Republican party to be the right of every citizen.

Reference to a few of the anti-trust cases brought by the Taft administration gives an excellent idea of the hardships some of these illegal combinations entail upon consumers In the prosecution of a case against a number of individuals who attempted to corner all the free cotton remaining of the crop of 1903 it resulted in a raise in the price of that commodity to the spinners, prevented some from making any purchases and was therefore restraining interstate commerce.

In like manner the government took cognizance of the pooling in the wire industry, with the result that nine indictments were found in New York against eighty-three persons engaged in that business It was an illegal restraint of trade, and when the court proceedings had been finished the various defendants were fined in amounts averaging $1,000 each, with the exception of the supervisor of the pool, who was fined $45,000.

One of the most outrageous cases of combination in restraint of trade and a notable violation of the Sherman law was that of the hand blown window glass industry. Practically all of the manufacturers (eighty-three in number) formed a company which controlled the entire output of hand blown glass. As a result the price was advanced 100 per cent within less than a year. The indictment of the men responsible, the imposition of fines and the restoration of the business upon its former lines were followed by a substantial reduction in the price of hand blown glass.

The federal government is prosecuting suits against the beef trust and the lumber trust with every promise of victory.

No Brass Band.

Brass bands and megaphones have not been needed to herald the accomplishments of the administration of President Taft. All of the great achievements for which the president is directly responsible have been accomplished quietly and without the slightest semblance of noise or bluster The voters of the country displayed their faith in President Taft and his policies in 1908, and they are prepared to renominate and re-elect him.

Citizenship for Porto Ricans.	Measure pending.

Deserves Another Term.

Representative J Hampton Moore, who is well known in many different sections of the country on account of his active interest in waterway improvements, in discussing the administration of President Taft has this to say:

"President Taft ought to be renominated and elected because he stands for stability He should be nominated because it has been generally conceded by Republicans since the first day he entered the office that the same treatment would be accorded him with respect to a second term that is usually accorded to Republican presidents who have done well. There is no good party excuse for not nominating him. He should be elected because, while not a political president in the sense that he has played politics to the satisfaction of all elements of his party, he has in fact been a broad gauge president, conservative in all matters affecting the dignity of the office and the obligations assumed by him to sustain and uphold the constitution and the laws of this country."

Taft's Efforts For Peace.

Honesty of intention, stability of purpose and a firm faith in the principles of the party of Lincoln, Grant and McKinley are some of the characteristics of President Taft. Familiar with the horrors of war, as well as the enormous expense that it always entails, independent of the vast expenditures required to keep a great nation upon a constant war footing, the president has persistently sought to promote a worldwide peace of nations by international agreement. Any failure of accomplishment in furthering this worthy cause cannot be charged to the president.

OLYMPIC

Charles Dicken's famous drama Nicholas Nickleby, as good if not better than Shakespeare's Merchant of Venice is being shown at the Olympic today. The story is as follows "Nicholas Nickleby was left a poor orphan with his sister Kate and his mother He went to London to earn a livelihood and hoping that a rich uncle would help them, he being a miser and a money lender. He was deeply impressed by the beauty of his niece, Kate, and planned to use the girl to lure rich men to his home and then loan them money on usurous terms. Nicholas finds out to what ends his uncles is working and comes back and saves his sister from the uncle's clutches. He secures work as an employe in a large firm and while working here meets Madeline Bray with whom he falls in love. He prevents her from being married against her wishes to another old miser who has a hold on her father and in the end he wins her for his own." A truly remarkable story and one every one should see. Workmen Get Better Wages

Almost 29,000 workmen in Fayette, Washington and Westmoreland counties started to work this morning at the ovens of the H. C Frick Coke Co., with an increase in their wages of seven and one-half per cent. It is said that not an employe of the entire 20,000 expected the increase and they were taken entirly by surprise when the notices were posted.

The reason for the advance is that the large demand has caused increased price on the market and since the market looks as though it can keep up, it was decided to grant an increase that was promised some time ago. This is the first increase that has been granted in five years. The Frick employees are not organized.

For Baby's Eyes.

Mothers, please do not send your babies out without any shade for the eyes Even though it is not summer time, they should not be allowed to lie with the sun shining in their eyes All sorts of troubles result from this, eye inflammations of many kinds, often defective vision and nervous conditions which remain for life If you would try lying with the sun shining in your eyes for an hour or so you would soon realize how disagreeable it is for a baby in a gocart or carriage to be subjected to it

Story of Chicago Physician.

FREE IF IT FAILS

Your Money Back if You are not Satisfied with the Medicine we Recommend

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm They cause a reaction, irritate, and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons, and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time 12 tablets, 10 cents, 36 tablets 25 cents, 80 tablets, 50 cents. Sold in Monessen only at our store—The Rexall Store. Craig's Drug Store.

Met to Talk New Bridge

The Westmoreland county commissioners met with the commissioners of Fayette county last week at Iron Bridge to confer over the erection of a bridge across Jacob's Creek at Hoog's station

It was found necessary to build a bridge but just what kind was not been decided although in all probability it will be built of concrete. The creek is about 70 feet wide at this point and is about 16 feet deep.

Ask the man Packard MOTOR CARS 1910 *who owns one*

THE Packard is the prevailing car at every touring center because it is a being of fibre and sinew. To such qualities has been added the unusual touch of elegance that gives the Packard its distinction in the motor car parade.

According to the registrations published in the Paris edition of the New York Herald, 53 per cent of all the cars driven by American tourists in Europe, from April 1 to July 1, were Packards and there were over three times as many Packards as cars of any other make.

Since 1907 the management of the Hotel Elton (Waterbury Conn) has kept a register for the use of touring automobilists Every tourist is registered who has stopped there in the last four years It is interesting to note that the three leading cars represented have stood in the same ratio for the last four years

—*New York Herald*

The registrations at the Elton, as published in the New York Herald, show that among sixty six makers 14 per cent of all cars were Packards and that there were nearly twice as many Packards as cars of any other make
